## SIAC Rules 2025: A Game Changer for Singapore as an Arbitration Hub

The YSIAC event will explore the newly released SIAC Rules 2025 and Singapore’s arbitration-friendly environment, featuring insights from leading arbitration practitioners from both Singapore and Germany. The panel discussion will highlight perspectives from both jurisdictions and their relevance to international dispute resolution. A central focus of the panel will be whether the new SIAC Rules 2025 – designed to enhance the efficiency of arbitral proceedings – further increase the attractiveness of Singapore-seated arbitrations and strengthen Singapore’s position as a leading arbitration hub, supported by its arbitration-friendly courts and progressive legislative framework.
